USDA Natural Resources Conservation Service - *Helping People Help the Land*

The Natural Resources Conservation Service (NRCS) has a deeply held vision of a nation where the use of our natural resources is guided by a widely shared and heartfelt stewardship ethic.

We use the latest technologies such as water erosion modeling, precision mapping software, and other tools to provide practical solutions based on tested practices.

Our guiding principles are service, partnership, and technical excellence.

To learn more about the Natural Resources Conservation Service please watch *We Are The NRCS* video by visiting https://www.youtube.com/watch?v=vK-GqRLwA_o

Helping People Help the Land

USDA is an equal opportunity provider, employer, and lender.
