No operative procedure, except in an emergency, will be performed without direct contact with you or your designated representative. Release of Liability
2011 Arkansas Association of Conservation Districts - Youth Conservation Workshop
June 26 – July 1, 2011

_____ (printed name of participant) has my permission to participate in the canoe trip and environmental study sessions conducted on the Ouachita River.

Please note that this is not a trip on a whitewater river. This trip will be on the Ouachita River. Adult staff with canoe certification will be supervising the activity. A canoe training session will be conducted to prepare novice paddlers in advance of the trip. All participants will be required to wear personal flotation devices at all times when on the river. Safety equipment will be available at all times.

This activity, while important to the instruction of the students, cannot be made mandatory. Special provisions will be made for those students electing not to participate, and the classroom content conducted during the trip will be presented in a lecture style to prepare non-participating students for the comprehensive final exam.

While safety will be considered in all stages of the planning and execution of this trip, there are always events that can't be predicted. As evidenced by our signatures below, I / we agree to release AACD, the staff and volunteers of the Arkansas Association of Conservation Districts, the YCW sponsors, and those adult staff members brought in to assist with the trip from any liability associated with participation in the canoe trip on the Ouachita River.
