

GRAZING WORKSHOP/FARM TOUR

Shane Mason Farm Pasture Walk

Tuesday

November 6, 2018

1:00 – 4:00 pm

Circle M Farm at Woodrow is owned and operated by Shane and Ashley Mason. They raise pasture-raised meats including beef, poultry and pork, which they direct market. They have installed electric fencing and a livestock water system to create an intensive rotational grazing system. There will be a tour and discussion on the components of prescribed grazing and how to fit them into your operation to improve forage production and soil health. We want this to be interactive, so bring your questions and input. **Please bring a lawn chair.**
