

## Prescribed burn contractors in Arkansas

updated 11-17-17

(NW AR list with potential coverage throughout AR depending on size of burn units and contractor desire)

**This is not a complete list of all prescribed burn contractors in AR. It was created by listing those contractors who attended the 12/1/15 prescribed burn meeting in Conway, AR**

**\*Most of the contractors listed are willing to burn < 100ac, so landowners should plan for their burns early and contact a contractor of their choice so they might schedule more burns in an area.**

### **OERI**
